Agency for Toxic Substance and
Disease Registry
1600 Clifton Road, Mail Stop E32
Atlanta, Georgia 30333

Dear Mr. Campbell:

Enclosed for your information is the document entitled 'Site Characterization Technical Memorandum, Phase III Remedial Investigation, Northeast Cape, St. Lawrence Island, Alaska' dated November 2001. This document presents laboratory analytical data from sampling activities that took place during the 2001 field season.

This information is forwarded as a courtesy to stakeholders, and has not yet been reviewed by an independent data reviewer. In addition, quality assurance samples that were taken along with the project samples reported herein are not presented. The QA sample data and the data review, along with any adjustments to the project data, will be presented in the draft remedial investigation report, scheduled for March 2002. **Caution is advised in the use of this data until the data review has been completed.**

If you have any questions, please call Ms. Lisa Geist, Environmental Scientist at (907) 753-5742, or me at (907) 753-5606. This letter has also been furnished to the Distribution listed below.

Sincerely,

RGJ 10 DEC 01

Richard G. Jackson
FUDS Project Manager
