Dear Mr. Brownlee:

Enclosed is a copy of the final document entitled 'Risk Assessment Workplan, Phase III Remedial Investigation, Northeast Cape, St. Lawrence Island, Alaska' dated January 2002, for your information. This document outlines the methods and assumptions to be used in evaluating human health and ecological risks during preparation of the Phase III Remedial Investigation Report for Northeast Cape.

This document was developed and revised based on substantial input from the community and other stakeholders. We appreciate the time and effort taken by various individuals to provide comments and discuss our approach during the Review Conference. The results of the risk assessment evaluation will be included with the draft Phase III Remedial Investigation Report which is scheduled for completion in early April, 2002.

If you have any questions regarding this document, please contact me at (907) 753-5742. This letter has also been furnished to the Distribution listed below.

Sincerely,

Lisa K. Geist
Environmental Scientist
