Dear Dr. Scrudato:

Please find enclosed, a copy of the Work Plan for the In-Situ Chemical Oxidation and Intrusive Drum Removal on Northeast Cape, St. Lawrence Island, dated July 2009. This report presents the Corp's plans for remediation activities at Northeast Cape in 2009.

I am tardy in getting this out, but your comments on the draft were responded to by Bristol. We are tentatively planning for a RAB Meeting in Savoonga in October. I'll keep you posted.

If you have any questions, please contact me at (907) 753-2689, or by e-mail at [carey.c.cossaboom@usace.army.mil](mailto:carey.c.cossaboom@usace.army.mil).

Sincerely,
