

October 4, 1991

Mr. James Pankanin
PRC Environmental Management, Inc.
1411 4th Ave.
Seattle, Wa 98101

The following is the initial assignment to PRC under the current work assignment. The list includes original docketed sites (those subject to the court order), sites docketed subsequent to 2/12/88 and sites that have not yet been added to the docket. There are 6 sites that are on the original docket and should be the first priority for completion. The Oregon Air National Guard site is the only one assigned for the completion of an HRS documentation package at the present time, however additional sites should be assigned shortly. The remaining sites are docketed sites that need to have PA/SI reviews and preliminary scores completed if adequate information is available.

ORIGINAL DOCKET SITES

1. USFA Champagne Creek
2. US Army - Fort Richardson
3. Amchitka Island
4. Navy Arctic Research Laboratory
5. FAA - Umiat Airstrip and Associated Facilities
6. FAA - Northway Staging Area

GENERAL DOCKET SITES

1. USFS - Panhandle National Forest
2. USDA - Sheep Experiment Station
3. USDA - Soil and Water Management Research Unit

SITES NOT ON DOCKET

1. COE - Teller, Alaska
2. COE - Cape of Prince of Wales
3. COE - Davidsons Landing *est*
4. Navy - White Alice Site Northwest Cape

All preliminary scoring is considered confidential and not subject to release. As per the work assignment preliminary scores should only be completed on sites determined by EPA. If sites include any confidential information it should be treated as such. If you have any questions please give me a call.

Sincerely,

Mark Ader
