**Re: Project Closeout Report for Gambell
Comments and Questions**

Dear Carey:

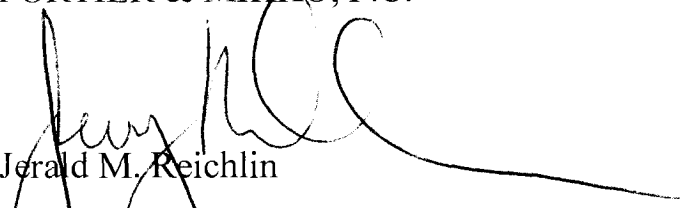

Sivuqaq, Inc. has reviewed the closeout report for the Gambell FUDS Project #F10AK069603. Sivুqaq believes that one statement is incorrect, and has questions about another. First, Sivুqaq takes issue with the statement on Page 2 of the report that the Gambell site was used by the military from 1948 until the late 1950's. They report to me that the Gambell site was used at least into the early 1960's. Sivুqaq, Inc. would like this to be changed by an amendment or by errata. Second, your report says that the military leased approximately 2,543 acres in Gambell of which the U.S. Air Force leased 1,807 acres and the U.S. Army leased 736 acres. The directors of Sivুqaq, Inc. are unaware of any such lease with the military. If there was a lease with the military, do you have a copy? Who was the lessor? How much were the lease payments? To whom were the payments made? Who signed the lease?

These are fundamental questions, but I also recognize that this information may not be at your fingertips. If there any complications, please let me know. I look forward to your response.

Carey Cossaboom
